### ABOUT ME

I'm a 17-year-old developer with a strong passion for technology and programming since childhood. I have knowledge of HTML, CSS, JavaScript, and Python. I'm especially interested in Cyber Security and plan to specialize in this field in the future. I'm currently focused on learning more about security, networks, and system protection. I enjoy working in teams, learning new skills, and solving real-world problems through technology. My goal is to become a professional in the field of Cyber Security.

### EXPERIENCE

2025 - 2026	<b>AI-Coordinator</b> World Aze Youth  I participated in an internship as an AI Coordinator, working with technologies such as Kling, Whisk, Nanobanana, and others. I gained practical skills in prompt creation and optimization, project coordination, and implementing AI-based technological solutions.
